Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

Acknowledgments

1. The amendment filed August 6, 2002 (Paper No. 10) is acknowledged. Because of Applicant's responses and arguments in Paper No. 10 and Paper No. 7, both the Restriction and the Election of Species (both of Paper No. 6) are hereby withdrawn. Claim 1-25 are allowed.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

3. Authorization for this examiner's amendment was given in a telephone interview with Matthew W. Witsil on or about January 30, 2003.

4. The application has been amended as follows:

Cancel claims 26-35.

REASONS FOR ALLOWANCE

5. The following is an examiner's statement of reasons for allowance:

a. The Examiner notes independent claim 1 appears to be the broadest claim. The same arguments below would also apply to independent claims 13, and 25.

b. The Examiner notes Applicant has positively claimed an annuity payment because

Art Unit: 3627

the valuation of the payment is made "as each annuity payment is made" Applicant also claims inter alia, a GRAT with an annuity payment where the payment is in stock options valued and numerated as claimed.

c. The prior art document "Using Options to Allow Donees to Have the Donor's Cake and Eat it, Too" by Harrison ("Using Options") briefly mentions on page 277 stock options. However, Using Options does not disclose using a GRAT with those stock options.

d. Additionally, the prior art document "Structuring GRATs Under the Section 7520 Regulations" by Newlin and Andrey discusses GRATs at length but again fails to disclose stock options in a GRAT annuity payment.

e. Finally, the prior art document "IRS Letter Ruling 9248016" ("LTR 9248016") discloses funding an annuity with stock of an S corporation, it does not disclose stock options in a GRAT annuity payment.

6. The Examiner makes no findings whatsoever as to whether the claimed invention is legally proper under federal tax laws, federal tax rules, or requirements of the U.S. Internal Revenue Service.

7. Regarding the claimed terms, the Examiner notes that a "general term must be understood in the context in which the inventor presents it." *In re Glaug* 283 F.3d 1335, 1340, 62 USPQ2d 1151, 1154 (Fed. Cir. 2002). The Examiner therefore interprets the claimed terms as found on pages 1-12 of the specification. Clearly almost all the general terms in the claims may have multiple meanings. So where a claim term "is susceptible to various meanings, . . . the inventor's

Art Unit: 3627

lexicography must prevail” *Id.* Using these definitions for the claims, the claimed invention was not reasonably found in the prior art.

8. Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Conclusion

9. The Examiner notes that Taub et. al. (U.S. 6,058,377) discloses securities evaluation while Suenaga (JP 2002-24533A) discloses an annuity payment system.

10. Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Andrew J. Fischer whose telephone number is (703) 305-0292.
